

Satin & Lace by Ed Hyde

Your in Satin and Lace
Can you embrace me - one more time...
Can't you, tell me why
You like it just so uncanny...
Take no liberties
You make me ask you to stop

Your in Satin and Lace
Time is up...
Your in Satin and Lace
Tie me up

Your no lady today
Can you not lay me - one more time
Money's next to the wine
I spend my cash so frivolously
Take no liberties
I'll pay you more let's not stop

Your in Leather today
Time is up
The world's no better today
Line them up
Your just loving the pain
Tie me up

Your in Satin and Lace
Can you embrace me - one more time...
Can't you, tell me why
You like it just so uncanny...
Take no liberties
You make me ask you to stop

Your in Satin and Lace
Time is up...
Your in Satin and Lace
Tie me up
Your in Leather today
Time is up
The world's no better today
Line them up
Come try your luck...

Well tie me up...

Yeah, tie me up...
